This bishop placement on f4 ends up
being very unpleasant for me. I think I
probably should have tried Nc3 before
picking a square for the bishop, but I

was concerned about b4 Na4 after which
my knight is poorly placed. 12...Be7

Nh5? Mistake. Qh5 was best. 16.Be3?!
Inaccuracy. Bd2 was best. just play Bd2
directly! I didn't spend enough time on
this move, but the bishop isn't really
accomplishing anything on e3 which it
doesn't do on d2, and on d2 the bishop
fights for the b4 square as well. 16...d6
